

Capability Statement

SPACE

Core Competencies

- **Comprehensive Interior Design & Space Planning:** Full-service interior design combined with expert space planning and detailed AutoCAD drawings to maximize office layout efficiency and aesthetics.
- **Office Furniture Solutions:** Provision of high-quality office furniture including workstations, private offices, dining areas, collaboration zones, conference rooms, and lobbies.
- **Project Management & Installation:** Professional project management and installation services to ensure seamless execution of office redesigns.
- **SPACE anew:** Innovative furniture exchange and remanufacturing program that reduces furniture costs by up to 50% and minimizes landfill waste by up to 90%.
- **Hybrid Workspace Solutions:** Design and implementation of hybrid workspaces that enhance employee engagement, creativity, and business performance.
- **Circular Economy Practices:** Commitment to a circular economy approach by using sustainable materials, upcycling, and recycling practices to minimize environmental impact and promote eco-friendly office interiors.

Differentiators

- **Extensive Experience:** Successfully furnished over 4.5 million square feet of interior space, providing over 15,000 workstations for commercial and federal employees.
- **Significant Sales to Federal Government:** Over \$100 million in office furniture products and related services sold to federal agencies over the past 18 years. Multiple BPA holder, Very good and Exceptional CPARS ratings.
- **Nationwide Reach:** Completed projects in all fifty states, demonstrating our ability to serve clients nationwide.
- **Proven Track Record:** In business for 30 years with successful completion of over 5,000 projects.
- **Sustainability Leadership:** Through the SPACE anew program, over 25 million pounds of office furniture have been kept out of landfills, promoting a sustainable, circular economy approach.
- **Documented Sustainability Metrics:** Are provided for all decommissioning and SPACE anew projects.

Past Performance

- **Past performance** for both commercial and federal clients are available on request .

SPACE offers a comprehensive suite of workspace solutions, including innovative new designs and our highly sustainable, cost-effective SPACE anew furniture exchange and upcycling program.
